- Have an appreciation of the recommended ALCO Framework in which to operate in.

Seminar Facilitator
Mr. Christopher H. L. Chan, B.Ec., MBA

Seminar Duration
2 Days, 9:00am to 5:00pm

Seminar Background

Understanding Asset and Liability Management (ALM) is a program targeted at those who are new to and have responsibilities in ALM, as well as anyone who has a functional, leadership or audit role within the ALM framework. It is also highly relevant to Banking Analysts whose work involves evaluation of a Financial Institution, its character, risk area and potential weakness. The program aims to provide a foundation as well as working knowledge of ALM, its relevance in ensuring an organization can continue as an on-going business concern, and actions that can be undertaken to ensure the organization remains competitive in the financial market-place.
